

**THE EVENT**

DesignColumbus 2012 is an opportunity to learn about and engage in the transformation of the Central Ohio built environment to be more healthy, prosperous and sustainable. Educational seminars and a trade show present technologies for those creating built environments to promote sustainable growth, occupant health and economic vitality.

This full day of continuing education and informational displays is organized to attract hundreds of professionals involved in the building industry. Participants are representatives of the entire project team, including:

- |                         |                       |
|-------------------------|-----------------------|
| architects              | designers             |
| engineers               | owners                |
| developers              | government officials  |
| municipal planners      | facility managers     |
| contractors             | construction managers |
| construction specifiers | manufacturers         |
| product representatives | ...and others         |

For all attendees, the continuing education component includes opportunities for AIA and GBCI/ USGBC continuing education units (CEUs). These CEU opportunities are of tremendous value to AIA and LEED Accredited Professionals interested in maintaining their credentials in an ever more competitive marketplace.

Take a moment from your day and visit WATER, a thought-provoking exhibition providing an in-depth look at one of the most important substances to life on earth. Free admission tickets for the day can be picked up on the trade show floor throughout the day. The WATER exhibition will be open from 3:00 pm to 7:00 pm.

Parking for DesignColumbus 2012 is complimentary.

- CEUs
- Learning about what's happening in OUR market
- Networking
- Fun and Fellowship
- Defining the path of our Community
