## THE EVENT

DesignColumbus 2017 is an opportunity to learn about and engage in the transformation of the Central Ohio built environment to be more healthy, prosperous and sustainable. Educational seminars and a trade show present technologies for those creating built environments to promote sustainable growth, occupant health and economic vitality. This full day of continuing education and informational displays is organized to attract hundreds of professionals involved in the building industry.

Participants are representatives of the entire project team, including: architects, designers, engineers, owners, developers, government officials, municipal planners, facility managers, contractors, construction managers, construction specifiers, manufacturers, product representatives and others

For all attendees, the continuing education component includes opportunities for AIA/HSW and GBCI continuing education credits, including LEED Specific. See program for specific details. These CEU opportunities are of tremendous value to AIA and LEED Professionals, along with other professionals, interested in maintaining their credentials in a competitive marketplace.

- Learn what is happening in OUR market
- Professional Networking
- Fun and Camaraderie
- Defining the path of our Community
