

DESIGNCOLUMBUS 2019 Monday April 8th 8am - 6:30pm

SUSTAINABLE BUILDING

EDUCATION DAY & EXPO

THE EVENT

DesignColumbus 2019 is an opportunity to learn about and engage in the transformation of the Central Ohio built environment to be more healthy, prosperous and sustainable. Educational seminars and expo present technologies for those creating built environments to promote sustainable growth, occupant health and economic vitality.

This full day of continuing education and informational displays is organized to attract hundreds of professionals involved in the building industry. Participants are representatives of the entire project team.

For all attendees, the continuing education component includes opportunities for AIA, GBCI and IDCEC continuing education units (CEUs). These CEU opportunities are of tremendous value to AIA, LEED Professionals and Interior Designers interested in maintaining their credentials in an ever more competitive marketplace.
